“ *"I still can't believe you're gone. I look back at all the silly things we did when we were kids and can't help but smile and cry at the same time. You were always down for anything and always wanted to make everyone happy. I still remember the day we both ran away from home and we slept in a dog house. We kicked the poor dog out of his house and snuck in there. Couple hours later we were covered with flea bites and decided to go home. For all those memories we shared together you will forever live in my heart. Miss you friend...till I see you again. Love you always"* ”
