“ *"I first met your Mom when she needed some help after the construction work at her home in Macatawa. While working for her for quite some time, she became a special friend. Always so sweet and caring. Never missed asking about my family and my special new granddaughter. And she genuinely cared about how we were all doing. A very special lady for sure ❤️. Hugs and sympathy to your family."*

“ *"So sad to see Alison's obituary in the paper. I was a regular shopper for her and was just there not too long ago. We always had lots to talk about and I was always so happy to see her orders come to me. She was a gem and will truly be missed by all of us who shopped for her."*

“Picked up the paper today and saw Alison's obit. I haven't seen her in 35+ years, but have fond memories working together as Brownie leaders for Mindy's troupe! I just moved to Holland a few years ago and always meant to reconnect. Lesson: Don't put things off. Favorite memory: We took the girls camping. For the first two hours after we went to bed the first night, we made about 30 trips through the dark woods to the outhouse with each girl separately. Finally all was quiet and we went to sleep. About an hour later, I was awoken again by a tap on my shoulder. It was Alison, "Kathy, I have to go to the bathroom!"
