“Gram, I wrote and deleted about 50 messages on here trying to figure out just what I wanted to say. The only thing I know for sure is what I don't want to say and that is goodbye. I swear I wish everyone could be as lucky as I have been to have a grandma like you. You are the one person in my life that no matter what I did you never seen any wrong. I thank God for all the wonderful memories I have with you and I will hold on to them forever. I love you a bushel and a peck and a hug around the neck. Love you always Kristy Misty”
