“ A love letter for Andra's children and loved ones....

*Take the love you have for me
And radiate it outwards
Allowing it to touch and impact others*

*Take the memory you have of me
And use it as a source of inspiration
To live fully, meaningfully and intentionally*

*Take the image you have of me in your mind
And allow it to fuel you
To take action
Seize the day
And be reminded of what is most important in life*

*Take the care you have for me
And let it remind you
To care for yourself fully
And shower yourself with your own love*

*And take the pain and grief you feel
Following my loss
And alchemize it into
Love, compassion and beauty*

*Build a castle
From the wreckage of my passing*

*And allow it to unlock your greatness and potential
And empower you to become more than you ever thought you were
capable of being*

*And know that I can never truly leave you
And will always remain beside you
Watching over you in spirit*

*And that the love I have for you lives on
Through the connections you form
The kindness and compassion you share
And the future relationships and friendships you cultivate.*

*And until we are one day reunited
I will remain with you
Through the storms and chaos of life
And am always beside you
Walking with you, laughing with you, crying with you and smiling
with you*

*And I am proud of you for being strong
I am proud of you for being brave
And I am proud of you for being you.*

My deepest condolences 💔
