“ *"Betty was a strong woman. She ran a tight household and made a lovely home for her family. She was a blessing to me growing up in Waukazoo Woods where we all ran and played, back in the day. Before technology we played for hours in her lovely backyard and in the woods surrounding the family home. Betty, you are truly missed. Bless you for your strong loving hand. I'll never forget the joy in our neighborhood and our beloved pets who ran and played with us. Blessings to the family. Love, Sue"* ”
