“ My friendship with Celia started back when she was my teacher at Lincoln Elementary in 1968. I was a fifth grader, and my father moved us around a lot, so teachers became my friends, but Celia was special. She became my friend after I was a child and became an adult. She was my sport spark. Thanks to her, I became an athlete, especially loving softball at the many schools I would later attend. When I became adult I joined the army and decided to give Holland a try after I served my time. Cel and I would go to dinner. Then take a walk and chat. She asked me to help her with the girls basketball team for a season. Not sure how much help I was but was honored to have been asked. I moved back to Arizona but would visit her whenever I came to Michigan on vacation with my family.

Cel and I would go out to eat, chat and walk. We never got to play that game of Golf, but She did instill in me the joy of the game. She and Lloyd would come out to Mesa, AZ to golf in their motorhome, and we get a chance to visit. I only just found out about her passing because I misplaced her address and was getting ready to send Christmas card. I google her and discovered her passing. I was overwhelmed with grief. It may sound odd but I did watch her service online. She holds a spot in my heart. Condolences to the family.

“ Celia was a great first cousin, a great 5th grade teacher, and a friend. Whenever I was in Zeeland to visit I generally managed to at least have lunch at Frank's with Celia. She was always cheerful, happy and so pleasant to be around. She had a great sense of humor. I always teased her that she was hard on me in 5th grade because I was her cousin. It was a running joke every time I saw her. She was one of the best teachers I ever had. Celia was a devout Christian and there is no doubt she is celebrating in heaven. Will miss you Celia.

“ Mrs Kleinheksel, I could never call you Celia, you deserve that respect. You were my 5th grade teacher at Lincoln Elementary. During our 5th grade musical, you asked me to plug in the lights when the choir sang their songs. I did that then and continued doing that job for 50 years at ZPS, until I retired. I told you how much you meant to me whenever I saw you. I had the best job in the world because of you. Rest easy and make a few hole-in-ones up there.

“ I got to know Cel over the last year at water aerobics. She offered words of encouragement and a very warm smile. God brings great gift to our lives when we need it and she offered it.

“ Celia was the coach of the Overisel Reformed Church's Women's Softball Team when my family started attending there (and I joined the team), and for many years after. Great fun!! Loved her and her humor ❤️ I miss seeing her Sundays mornings.

“ I was blessed to meet Cel through her niece Jayne. We shared some lunches and started talking golf and before I knew it she introduced me to a wonderful group of golf friends. She was a consistent great golfer always encouraging the rest of us. Cel was a big ball hawker. She would send me all over the course when she spotted a ball. One particular day I knew I was going to get muddy and/or wet if I went after that ball. I asked if I could just give her a sleeve of balls from my bag if she was short. Cel got a glint IN her eye and said “I’m Dutch and proud of it! Now go get that ball”. WWCD.

What can I say about my 5th grade teacher, high school coach, master teacher for student teaching and my friend. May you rest in peace and rise in glory!

Celia’s life sounds as superb as was her pitching for the Drenthe Women’s softball team when I was her catcher for a time. There already her considerable skills, steady persistence, and appealing supportive nature foretold what others here describe as her significant accomplishments. You “did good” Celia, and I join in applauding you for a life well-lived.
