“ *"I got a very nice letter from Charlotte back in 2007 with a newspaper clipping about the winter and blizzards of 1936. I saved the clipping and letter and happened to come across them today. We don't have a lot of written first-hand writing about that very cold and snowy winter, which lasted into early April (followed by one of the hottest summers we've ever had). Charlotte was 90 when she wrote the letter and had very good cursive writing. BTW - my mother is 100 years old and doing very well for her age. She lives in Tennessee now. - Bill Steffen at WOOD TV in Grand Rapids"*
