“ *"i grew up with the entire Dewitt family as a child. Steve was my best friend for many years but back then knowing one Dewitt was to know them all as they were a very close family. all the brothers including Dale took time to play with and spend time with me mostly because Steve was grounded all the time :). i especially remember Dale as standing out more for his kindness, gentleness and soft spoken manner amongst the fun loving rough and tumble brothers. i last saw Dale at his grandma's funeral in Hulbert. i remember because when he and his wife conspicuously showed up their Harleys you couldn't help but notice the loving bond of inseparability between them. to me their aura, presence and mannerisms helped provide a bright light and comfort during an otherwise sad and grievous occasion. as far as i knew Dale though that was just something he always did. i will miss you my friend. taken far too young. my prayers to you Darlene.
