*– thomas bannach said every service technician was a manager and they could lie cheat steal embezzle defraud their co workers and the customer a little bit “every-Day” so long as they did it behind their back— because every one he know is like that!!!Image*

*This allowed Thomans bannach to defraud 90 % of his co workers — and drum then out!!*

*Dean tripp said thomas Bannach was a liar and thief when he worked for him– and then he really didnt have good character– BUT Mark Strain — said Bannach was the “most honest — lier slander and thief ” that he has ever met!!*

*When thomas bannach — asked an employee– if they wanted to go into management at thermotron– that Employee– said — hell no– you r a lyer anc cheat– why would i want that??*

*Roger cannady and his Associates — harassed and drummed out  
defrauded — 90% of the people— employed*

*When thomas bannach — After Thomas bannach decreeded that it  
was ok to lie cheat deceive and defraud the customer and co  
workers and embezzle— a little bit every day —*

*If you did not go —along—wit—it— thermotron would spread lies and  
say you had an attitude problem— and were a "back stabber" so as  
to "isolate you from the other employees*

*When Thomas Bannach gave a employee review– ove the phone as they were traveling to the “Twin Cities” –*

*When Roger cannady was contacted about this– un presented method of employee review– his attitude was*

Yes under thomas Bannach— his job was to lie cheat and defraud  
his co workers— steal and rob the customer's and embezzle all he  
could.. rob the customers and steal every thing he could—*

*Virgina Norris the last office support personall — said she was  
quiting — because Thomas bannach and gregory v Johnson — told  
her they were going to harass and drum out — the remaining field  
service engineer—*

*Yes when Bill Bench at Russles technical Products said — Gee why  
did you leave thermotron—*

*When the reply was ” Thomas Bannach was lying and defrauding  
his co workers— and promoted robbery thief and embezzlement—*

*Bill Bench at russles Technical products — got a bit “tongue tied”  
and studded— well we'll try not to lie to you then—*

*and this was only possible for about a week—Image*

*then he told me working for him and Russles technical products  
“required” their field service engineers to lie cheat and defraud the  
customer when ever necessary!*

“ He said that all the offices that thomas bannach and roger cannady managed — stood out like a sore thumb— because of the excessive Robber– thief– and embezzlement–  
Yes thomas Bannach and his Pet ‘s Gregory V Johnson– hil sybesma– dean tripp–  
all agreed — stealing was called — working the system and the average amount of  
EMBEZZLEMENT was about 10,000 to 20,000 per year–  
Gregory V Johnson would drive to the branch office — talk to Bo Bjarno the 3rd thermotron sales guy and then drive home when Thomas Bannach would call him– he would lie and tell Thomas Bannach that — his phone and Beeper didn’t work.. and when a job was called into the office — he would tell the customer that “the service man that does that type of job ” was “Out of town”  
He spent six months putting down 8 hours a day at a company called Ramteck– and Thomas Bannach never checked to see if he was on the job–  
ENSECO chamber company hired him and within 3 months– they wondered why they hired a thomas Bannach “PET” in the first place– and went to his home on the week end — to fire him– and retrieve their service truck

PS

“ Yep as Thomas Patterson said about Thomas Bannach and family values, Tom Bannach said it's ok to lie, cheat, deceive and defraud everyone, because it's ok to be corrupt,

agreed — stealing was called — working the system and the average amount of

*EMBEZZLEMENT* was about 10,000 to 20,000 per year—

Gregory V Johnson would drive to the branch office — talk to Bo Bjarno the 3rd thermotron sales guy and then drive home

when Thomas Bannach would call him—

he would lie and tell Thomas Bannach that — his phone and Beeper didn't work..

and when a job was called into the office — he would tell the customer that “the service man that does that type of job ” was “Out of town”

He spent six months putting down 8 hours a day at a company called Ramteck— and Thomas Bannach never checked to see if he was on the job—

( and when the co workers — expressed — their amazement — that Thomas Bannach didn't care about the robber thief and embezzlement) they were drummed out — with supporting lies and slander from Gregory V Johnson—

because as a psychopath— he said it didn't matter what lies you said about any one—

and as Thomas Bannach is also a pervert— well that's the way it

goes

*ENSECO chamber company hired him and with in 3 months—*

*they wondered why they hired a thomas Bannach “PET” in the first place—*

*and went to his home on the week end — to fire him— and retrieve their service truck*

“ Thomas bannach is right everyone is corrupted  
Assistant Manager/Sales Associate - Holland, MI  
yes get your start at thermotron

As Thomas Patterson said after you lie cheat deceived the first one hundred to five hundred people it gets easier.

Thomas Patterson agreed with Tom bannach, is normal to be corrupt  
and then go to ESPEC– and then the sky is the limit

thermotron working with fred plont  
any way

.i was talking to turner's old company EST, and met stan van lear,  
and russ barns..

now see i do know a few people who still seem to be good people..  
unless i am wrong.

( and i didn't even add dick alverson to this obviously growing list)

As i told management there before, i was not interested in working  
there when tom bannash was there ( they fied him, or rather told  
him to leave?)

because tom bannash promoted lying cheating stealing robbery  
embezzelment employee harassmt and slander..

I asked him and roger cannary and danny boy.. if thermotron was  
just a money laundering company for the maiafa..

I also asked them how much they budgeted for thief and  
embezzlement.. and danny boy got mad at me when i filed a claim  
with the labor commision ..

*I ended up with five pages of #\*\*%++@\$%^ and if i don't \*&^% then #\$\$%^&\*(\_, and further more .. business is business..*

*heck greg v johnson MINI tom bannish .. robbed over \$50,000*

*yes that is fifty thousand dollars..*

*and he says he wasn't as big as thief as hil..*

*who i talked with last month..*

*(tom bannash was big on telling employees to lie and defrad each other and make it hard on them)*

*dean trippp said bannash wanted to build a case against every one..*

*Don't you know tom bannish is an evil man? Oh wait as selly in parts and logisats or mark lammers or hmm it's just politics.. to lie cheat and defraud people.*

*Just as greg v johnson daily robbed customers.. as well as his co-workers*

*he was a neighbor hood thief in pasadena ca where he grew up, and showed me different places he robbed.*

*Every one in that office told bannish this but you Can't tell a Dummy anything ...*

*that's why they are called dummies*

*<https://youtu.be/ebWZcaa8jZM?si=bQg5EOpEjmCfUO5q>*

*28 Furthermore, just as they did not think it worthwhile to retain the knowledge of God, so God gave them over to a depraved mind, so that they do what ought not to be done. 29 They have become filled with every kind of wickedness, evil, greed and depravity. They are*

*full of envy, murder, strife, deceit and malice. They are gossips, 30 slanderers, God-haters, insolent, arrogant and boastful; they invent ways of doing evil; they disobey their parents; 31 they have no understanding, no fidelity, no love, no mercy. 32 Although they know God's righteous decree that those who do such things deserve death, they not only continue to do these very things but also approve of those who practice them.*

*Pros*

*Everyone will lie to everyone else, it's à ok to tell everyone what they want to hear*

*Cons*

*No raises, go in big because that's all folks*

“In Diana's life she never knew how much difference she made in my life by being my friend in high school. I had been searching for her for over 50 years to tell her what she meant to me and what joy and peace she brought to me during those troubled years. Diana, you are no longer suffering and are with Jesus. May you rest in peace and I know that you now know what is in my heart. May your family know peace and that they know how much you were loved by others that you have touched in your life.”
