“ *"Hola Primos, My thoughts are with all of you in this bittersweet time. We all have such great memories of good times shared. I especially remember your Mother for her kind and gentle ways. She always had such a nice endearing smile and a very real and sincere interest in our well being and the "happenings" in our lives. She was a person who so enjoyed other peoples happiness. For me it certainly was one of her most memorable and endearing traits.....the way she conveyed her kindness and good spirit. When I think of Aunt Doris I think of a very kind and gentle woman who expressed her joy and happiness in quiet and but very sincere ways. She didn't have to say it. I could just feel it. So yes, it's bitter to lose her but so sweet to have known her and to have had her as my aunt. She enriched everyone who knew her. We are all better than we would have been..... simply by being part of her life and inner circle. It was a gift she gave us all with such simple grace and ease. She was so great at making us feel better about ourselves and our lives! I hope you are all healthy and happy and enjoying your lives the way your Mother did and wanted you to. In her honor I think we should all chew every bite at least 50 times. :) Abrazos Gigantes for all of you."*

“*She was a Lady...I saw that even as a young girl and held her, and your family, in high esteem. I enjoyed "waiting" for her to speak, because I knew it would be genuine. We are indeed grateful for having her, and for having been in your home. Peace be with us all.*”
