“ *"The last time I saw Uncle Floyd was when Aunt Izzy's passed away. I had not seen him in years, however really enjoyed talking with him about our shared passion for bike riding. He shared his stories of climbing Mt. Baldy. It is so sad to know the last of my mom's siblings is gone from earth. I wish we could have seen him this past spring when we were in Holland. My thoughts and prayers are with you Marilyn and Dan."*

“ *"So sorry to hear of Uncle Floyd's passing. He was the last of my mother, Grace's siblings. We haven't had the chance to get to Michigan for many years, being military and all but we got there this past tulip festival but could not find out where he lived until time to leave. Sorry we could not have seen and visited with him. He was always so special to me."*

“*Very sorry to hear about Floyd's death. In the late 60's I worked with Floyd at Freds Car Lot when I was in highschool. He always had a smile on his face except when he had to work on what he called them #%& Fiat's. I spent many days on break with him in the basement at Fred's just shooting the breeze and having a good laugh. I've thought about him over the years but never ran into him, not knowing if he moved or where he was at. You have my condolences and I'll always remember Floyd. Pat Cooper*”
