“Dear Kent and Yvonne, Fred and I were friends. I work at Hobby Lobby and he would come to to visit me. I would always love to see him and had such fun with him. He spoke so highly you the two of you. The last three times I saw Fred was at his home after his car accident. He hadn't been in for awhile and I became worried about him. After work I drove to his house and was delighted to see him come to the door. We visited for an hour and I told him about our recent vacation to Italy. The next time I saw him he visited me at Hobby Lobby and came by taxi. It was the first time I saw him use a walker. He was always so spry and snappy. It broke my heart. Through tears in his eyes he kept telling me he needed a car. He couldn't keep stranded in his house. He needed to be able to get out and go to the stores to see his friends. I thought not having a car was killing him. The next time I saw him was a week later when I picked him up at his home and took him to look at some used cars. There was a perfect silver Taurus for \$2300! But he had his eye on a BLACK Chevy for \$13K. He wanted a black car and he liked that Chevy. We took the dealership info and I drove him back home. All the way he talked about that black Chevy and promised he would not drive it outside Holland! He kept thanking me for taking him to look at cars! Even tho I didn't think he would ever buy another car, it made him so happy that I would take him to look. That was the last time I saw him. When I heard he had passed away I was so happy I could make one of his last days a happy one. I loved Fred. He was my friend and I will miss him.”

“Fred was such a fine gentleman. I really appreciated his kindness and patience with me in our golf league back in the nineties. My sympathy goes out to his family and friends.”

“Dear Mr & Mrs Kent Shafer, We lost a very special man. To me, Fred was the last living REAL friend I had. We met at Micromatic Hone/Excello after he was transferred from Michigan Tool. I worked with him for years and he worked for me for years. I was the one who transferred him to Indiana. Later on, he & Marge became close personal friends with Ruth & I. I was fortunate that he invited me into his group of fishing buddies and we often fished together at Ogoki. Ruth & I spent many evenings battling each other over a Euchre table. Fred was a near, dear & loyal friend who had many, many friends and not one enemy in the world. The world has lost a wonderful man. We share our prayers & grief with you.”

“I still feel blessed to have met such a wonderful man. Fred was truly a genuine man. I was always so happy to see him when he would come to the bank to get his things in order. The games, jokes, little gifts, and his conversations were unlike anyone I knew. He always stopped and brought this ray of sunshine with him each and every time. I have and probably will never meet such a kind and caring person. He is now with his dear Marjorie where he belongs. Although this is a great loss, I will truly miss you and will still think of you often.”

“I'm Perry Klasky's wife and I met Fred and Marjorie when several of their fishing trips were chartered out of Holland. We reside in Holland and joined the group of all the fisherman and spouses when they went out for dinner the night before their outing. We would have drinks with them at their home, then proceed to dinner. They were lovely people and made you feel so comfortable. Fred was always joking and telling stories amusing us all. I know my husband Perry enjoyed the trip to Canada that he took. Both Fred and Marjorie will be missed. I'm sorry for your loss.”

“My Dad told me of Fred's exploits on their fishing trips to Canada when I was a youngster. Many years later I joined my Dad, Fred, and several of their friends on a week long fishing trip to Canada. That is when I met Fred and found out first hand what a special person he was. One of a kind!”

“I met Fred and Majorie at one of Ron Stein's famous soiree after Christmas parties. They were such a lovely couple. Majorie the elegant lady and Fred the ultimate gentleman. I have very fond memories of them both although we didn't spend a lot of time together, but then even though it was brief I feel blessed to have known such a dear man.”

“Kent, It was a real pleasure to know Fred. You could not help but love him. He could be such a card. Fred and I would always go head to head on that one Sat in Nov when Michigan would play that team from the state to our south. Steve and I are sending our prayers to you and your family. We and all of the Holland Elks will miss Fred.”
