“ *"Geoff was an inspiration to the members of Gilda's Club Brain Cancer Support Group. He was genuine and an encouragement to us all. He set up a private Facebook page for the group so we could keep each other updated between monthly group meetings. His family was his #1 priority and when he had to miss groups he would always stay in touch with the group. He will be greatly missed by us all, even by those who only knew him from the Facebook group! We send our love to the family. Sandi Oosse, Brain Cancer Group facilitator, Gilda's Club Grand Rapids"*

“I am deeply saddened by the news of your loss. I had Mr. Legg for my fourth grade teacher. He remains one of my favorite teachers. I remember his class like it was yesterday. I can recall him teaching me all the shortcuts on an apple. He showed the class fun computer programs that would morph photos of people into funny cartoons. He made learning fun not only by playing four square and teather ball but by inspiring children to follow their dreams. He helped me reach my goals and I hope I can emulate his teaching style to my students. The education system lost a good one. He will be missed.”

“I am so sorry for your loss. I first met Mr. Legg when our "little brother" was in his 4th grade class. Mr. Legg treated this child with respect, compassion, and hope, and helped him make academic gains at a time in this child's life when many had given up on him. The "little brother" is now 30 and still remembers, as do I. As our own children made their way through HPS we always saw Mr. Legg as a point of light. That light will still shine in all the lives he has touched. May God hold you all in the light.”

“I'm deeply sorry for your loss Karen, Natalie and Andrew. I too had Mr. Legg as my 4th grade teacher in 97-98. He had inspired me to become a writer which I did fulfill for 7 years, thanks to his encouragement he had for me. He will be missed dearly and loved by his family always and forever. My prayers go out to his beautiful family. Matthew 5:4.”
