“ My name is Daniel a friend to Hib. On Sept 23 2024 we got together at his business. We walked and talked about God, his kids and family which he deeply loves, as he gave me a tour around the buildings and opportunities offering me a building to work on projects. He wanted someone he could trust to be around. I will miss Hib and our discussions about life. My Condolences and Prayers to all in Hibs life.. May you find peace in God Our Father's Words.
