“ *Paulette and Family, I know this has been a hard 18 months for you. Know that Howard loved you all so much. We would talk about all the accomplishments of his kids and grandkids. I think I was as excited as Howard was when his granddaughter said she was going to Hope. Max was always a big topic of his...he excels in everything he does. The list of his talks about his kids/grandkids could go on and on. I miss hearing all his stories and those of his travels. I know it doesn't compare to what his family is feeling. Just know, Howard was thought highly of at work. Please let me know if I can help with anything or you just need to talk or sit with someone in silence. Keep all his love for you in your heart and smile when you think of him... With Deepest Sympathy, Helena*
