“We are truly at a loss of words for what to say to console you Joyce, Joseph, and Angela for your loss. Please accept our condolences and know that we are thinking of you always. It is hard enough to comprehend the loss of my brother after losing our parents. Years back Jim and I and later my eldest would spend the end of the 70's and into the 80's running road races during the fall, winter, spring, and then almost every weekend during the summer. Hard to believe health would be an issue that would take him at a young age. To family and friends, we must carry on as Jim would have, it's a long road to travel but we can do this together. Paul & Katherine Blake and family”
