“Jim was a coworker back in the day at KPS. I remember him as a friend to all who happened to touch his life. He had so many different talents and interests. I especially remember when he had the fruit drying "oven". The fruit he dried was so good! I also remember his talking about the birds his family had and remember him every Christmas when we decorate our Christmas tree and hang the ornaments that he made for our family. May Jim rest in peace in the presence of our Lord and may God's grace be with his family in their grieving his lost.”

“*Jim was an answer to our prayers for a Christian leader in KPS school system. He mentored our son in special education and taught him self confidence in standing up for his Christian values and beliefs. Jim informed him of the power our son had because he could talk first to teachers about God. They were not allowed to discuss "religion" unless the student brought it up first. You are all richly blessed to have known Jim as a husband, father and grandfather. Our prayers are for God's comfort to surround you. " well done good and faithful servant". "*

“*Sally and family, I am heartbroken to hear that Jim has left this earth, but rejoice that he is safe in the arms of Christ and know that I will see him again. I have such wonderful memories of Jim from my years with Camp New Day as dean at Albright! He and the staff would stop at nothing to help make that the best week for the campers; Jim especially became Christ's hands and feet as he ministered to the campers and the staff during what was often a very difficult week. I will forever remember him as a gentle and loving man who truly reached out to all and, like Christ, most urgently to those on the fringes of the community. Memories of him driving his Harley Davidson golf cart around camp with his dog by his side and long visits as we watched the campers receiving their blankets, canoeing, swimming, firebowl, tubing and all of the other wonders many of those intercity children enjoyed for the first time... these are just some of the things I will treasure from my friendship with Jim. Thank you for sharing him with the campers and us as staff... may you find courage, strength and peace in your memories of his love and presence, and hope in the promise of the eternal life in which he now rejoices. Sending prayers, hugs and love..."*

“Jim touched the lives of many people with his numerous random acts of kindness and through his teaching skills. He had a servants heart and hands, especially to his group of "special people". His loss will be felt by many. Sending our blessings and condolences to my great friend, Sally, and the Taylor family. The memories of our good times shared together will live on forever.”
