“Coach Shawn- Prayers for you and your family during this difficult time. The thoughts you posted about your Mom were beautiful and heartfelt. I'm sure she was as proud of you as you were of her. May your wonderful memories help to ease some of the pain and put a smile on your face.”

“Jayne was my cousin, but I coincided her more like a sister. When we were young Jayne's Mother and Grandma Holkeboer would come to help with the Spring cleaning. Jayne would come along to play. I spent a number of nights at her house. And at Christmas my family and hers would gather at her house and have a wonderful time - special memories. The last number of years we would help each other out when we were raising our children. We went on a couple of trips together - once to Florida (she had never seen the Atlantic Ocean) and also to New York to visit our Uncle Earl and cousin Dave. When she was still feeling well we had a weekly Bible study together. She really loved Jesus and would talk of Him often. I miss her a lot, but it was her "time" and she no longer has discomfort or pain. She always had a good outlook on life here on earth. She loved working at the hospital with the babies and later the nursing home. Her heart was with the Special Olympics. She would talk to me about her experiences and I enjoyed hearing about what she was doing. She will always have a special place in my heart. I will miss her and her sense of humor. She just enjoyed life and appreciated anything people would do for her.”

“I love "Aunt" ok cousin Jayne. She never put up with anything my entire childhood. She would tell me how it is at all times. I would spend the night with Amy and we could not do anything without her knowledge. As I became an adult, she was always supportive of my kids and my family. She definately had an opinion haha. I can still here her saying Nanc, you should not do that to your mom she does so much for you. Or Nanc, my granddaughter Tori would do that why wont your kids do that for your mom? (When Tori was younger) I am very comfortable knowing she is in peace, free of the pain she has been in for the past many years. I am thankful that through my entire life Jayne ans my mom have been there for each other. Jayne and her were very close. God has a purpose for everyone. "It was your time Jayne now it's my turn... Take care of our dog Cooper for us. And keep doing what you are good at, caring for animals and people." Love you even in heaven. Your crazy niece, (COUSIN) NANC”
