“ I loved going to Uncle Don and Aunt Alma’s house. All those boys! I got spoiled by Uncle Don. This is one of my favorite pictures of them!

“ One of my favorite photos of Dad and all of us kiddos! Dad learned the art of homesteading. He read lots of books and he was the builder and the fixer! We spent a lot of time outdoors with him and he was always inspiring us to learn more! Love you Dad! ~Jennifer

This is one of my favorite photos of Dad with all us kiddos! He was always inspiring us to get outdoors and teaching us something about building, caring for the animals, or how to fix something! He was the building, fixer, and homesteader! Love you, Jennifer
