“ *"My name is Tammy Willis and I'm the President of the National MS Society in Michigan. We recently learned of Mrs. Witteveen's incredible generosity. If there is even an opportunity for me to learn about the inspiration behind your families connection to multiple sclerosis I'd welcome meeting with you and would also be happy to share information on any areas of interest in the work the Society does. Again, thank you for your generosity and please know that your family has made a significant impact on those living with multiple sclerosis and the National MS Society's ability to help those individuals face the challenges the disease may present. - Tammy Willis*

“ *"Jo was the sweetest and kindest person I've ever met from the first time meeting her. She was a joy to work with at Windmill Island and gave so much to visitors when they asked questions about Holland. She was a true lover of human kind and was a friend to anyone who she met along the way. She will be missed dearly. RIP and I'll see you again in heaven."*
