“ To Sue and family, we were saddened to read of John's passing. We only knew John for a short time but he made a big impression on us .Don was at Freedom Inn the same time John was there and they would often do their therapy sessions together. Sometimes with joking and laughter to make the sessions more enjoyable. We enjoyed our evening visits with John in his room listening to his interesting stories. Praying for God's comfort for you in this time of loss.
