

John Sexton, Sr.

September 18, 1925 - June 17, 2021

John Sexton Sr. age 95, of Holland, passed away on Thursday, June 17, 2021. John was born in New York City in 1925. His parents, John and Anna were immigrants, from Ireland and Germany respectively, and they raised John and his sister, Eileen, in NYC. John attended the city's public schools and shortly after graduating high school in 1943 he went into the Navy where he served his country honorably during World War 2. After the war, he attended the Polytechnic Institute of Brooklyn and received a bachelor's degree in Electrical Engineering. During the next 20 years he worked for a major engineering company on Long Island while attending Long Island University. He received his master's in business with honors and was elected to the Delta Mu Delta Honorary Society. Afterwards, he entered the New York University Graduate School of Business in pursuit of a Doctoral Degree but was unable to complete his studies because of his move to Holland, MI in 1973. John moved from NY to Holland to become President of Thermotron Corp, a small manufacturer of environmental test chambers located near Kollen Park. During his eight years as president, the company grew 12-fold and added a large manufacturing site on 32nd St. in Holland. With a change in ownership, he left and subsequently founded a competing firm, Sexton Industries in Zeeland. In 4 years, he built the company to 12 million in yearly sales, and in 1984 he was awarded the US Small Business Award for Excellence. Retiring after 10 years, he remained active and formed Sexton Corporation, an engineering consulting firm. John was elected a Fellow of the

Institute of Environmental Sciences and Technology in 1961 and was elected to the New York Academy of Sciences the same year. He was a long-time senior member of the Instrumentation Society of America and was a member of the U.S. International Electrotechnical Commission. He was also included in several Who's Who: Finance and Industry, In the Mid-West, The World, Technology Today and Leaders in Electronics. He credits his successes to the philosophy of "The 3 Ps". "People, Product, Profit" in that order. All these activities took him worldwide and he flew well in excess of one million miles. John had a wonderful life surrounded by a wonderful and loving family. He is survived by his wife of 61 years, Elfriede Sexton; sons: John Jr. and wife Angela, James and wife Kathleen; daughter, Kimberly; grandchildren Emily and Nathan. He was preceded in death by his parents and his sister and will be buried by his mother and sister in the Gate of Heaven Cemetery, Valhalla Westchester County, NY. Funeral services will be at 11:00 AM on Friday, June 25, 2021 at St. Peter's Catholic Church in Douglas, MI where John was an active member. Visitation will be on from 6-8 PM on Thursday, June 24 at Langeland-Sterenbergh Funeral Home, 315 E. 16th St. Holland, MI 49423. Memorial contributions may be given to St. Jude's Children's Hospital. www.langelandsterenbergh.com

PS

“ Thomas bannach is right everyone is corrupted
Assistant Manager/Sales Associate - Holland, MI
yes get your start at thermotron

As Thomas Patterson said after you lie cheat deceived the first one
hundred to five hundred people it gets easier.

Thomas Patterson agreed with Tom bannach, is normal to be corrupt
and then go to ESPEC– and then the sky is the limit

thermotron working with fred plont
any way

.i was talking to turner's old company EST, and met stan van lear,
and russ barns..

now see i do know a few people who still seem to be good people..
unless i am wrong.

(and i didn't even add dick alverson to this obviously growing list)

As i told management there before, i was not interested in working
there when tom bannash was there (they fied him, or rather told
him to leave?)

because tom bannash promoted lying cheating stealing robbery
embezzelment employee harassment and slander..

I asked him and roger cannary and danny boy.. if thermotron was
just a money laundering company for the maiafa..

I also asked them how much they budgeted for thief and
embezzlement.. and danny boy got mad at me when i filed a claim
with the labor commision ..

*I ended up with five pages of #**%++@\$%^ and if i don't *&^% then #\$\$%^&*(_, and further more .. business is business..*

heck greg v johnson MINI tom bannish .. robbed over \$50,000

yes that is fifty thousand dollars..

and he says he wasn't as big as thief as hil..

who i talked with last month..

(tom bannash was big on telling employees to lie and defrad each other and make it hard on them)

dean trippp said bannash wanted to build a case against every one..

Don't you know tom bannish is an evil man? Oh wait as selly in parts and logisats or mark lammers or hmm it's just politics.. to lie cheat and defraud people.

Just as greg v johnson daily robbed customers.. as well as his co-workers

he was a neighbor hood thief in pasadena ca where he grew up, and showed me different places he robbed.

Every one in that office told bannish this but you Can't tell a Dummy anything ...

that's why they are called dummies

<https://youtu.be/ebWZcaa8jZM?si=bQg5EOpEjmCfUO5q>

28 Furthermore, just as they did not think it worthwhile to retain the knowledge of God, so God gave them over to a depraved mind, so that they do what ought not to be done. 29 They have become filled with every kind of wickedness, evil, greed and depravity. They are

full of envy, murder, strife, deceit and malice. They are gossips, 30 slanderers, God-haters, insolent, arrogant and boastful; they invent ways of doing evil; they disobey their parents; 31 they have no understanding, no fidelity, no love, no mercy. 32 Although they know God's righteous decree that those who do such things deserve death, they not only continue to do these very things but also approve of those who practice them.

Pros

Everyone will lie to everyone else, it's à ok to tell everyone what they want to hear

Cons

No raises, go in big because that's all folks

“thermotron has been the most corrupt company and people i have worked with, doug mahn as a project manager always lied about the jobs at lission in. in california, and boeing , thomas bannach bragged tht he would lie to and about his co workers and everone woudl believe,

Shelley joy post

told me when tom bannach would defraud his co worker, in the California office 10 people in the San Francisco , l.a. and the sandiago office,

Thermotron was the 1st of 5 company jobs I quit in the Environmental chamber industry,

mark lamers said that good people don't work there long

tom bannach said it was ok to lie cheat steal embezzling and defraud the customer and co worker,

because he is a criminal psychopath and everyone he knows is like that.so he defraud everyone.

thermotron gee isn't everyone a liar and a thief

fred plont liar and thief.

com<https://fredplontliarandthief.blogspot.com>

Fred Plont said about tom bannach "He left the west coast in "SHAMBLES" then to corporate Training Supervisor,

responsible for the technical training of 0 (zero) service engineers BUT SERVICE TECHNICIANS..

. tom would say about his co workers when he worked on the west coast.

.i couldn't even spell en-gin-e-er and nOw i iS oNe !

“ I’m fortunate to be one of a number of people that had the opportunity to learn, work, and travel the world with John. When a group of us last got together, John said; "all from little Holland Michigan". Perhaps, more than the technical lessons we learned, the life lesson to stop and enjoy life and look for the positive in any circumstance, is John’s best gift to us. We will miss him but a part of him will go in in many people. Our sincere condolences to his beloved family."
