“I am beside myself after hearing of this news. I am just a banker at Karens bank but she has had such an impact on my life and I want you all to know how truly special she was, even though I am sure you all know :) she came in to see me almost every week and we would sit in my office not only to do banking but to chat and have girl talk about life. I loved her like my own grandmother and she will be so missed! I believe we all have one special angel watching over us. Prayers go out to the family in this sad time.”
