

Kimberly S. Kayser

January 18, 1956 - October 26, 2022

Kimberly Sue Kayser, age 66, of Holland, passed away Wednesday, October 26, 2022 at the home of a dear friend.

Kim was born January 18, 1956, to Bette and Walt Heiden, who preceded her in death.

Kim worked at Stamp On It, creating art and teaching classes since 1998, and she developed many lifelong friends there. “ I met Kim our senior year in high school when we were in DECA together. We had a chance to participate in a number of extra-curricular activities while we were working on our DECA competitions, including trips to Columbus and Chicago. I was always amazed at how such a beautiful person could be so beautiful inside and so accepting of folks from many walks of life. Over the years, we both looked forward to the annual Start reunion get-togethers where we would seem to just pick up our conversations from the prior year(s). I loved the fact that she knew her mind and didn't back down from expressing her opinions. FB seemed to be one of her platforms for revealing what was important to her and keeping in touch with others. I am so thankful that she was able to make it to the most recent reunion get-together where many of us were able to let her know how much she was a part of us. Our memories of her will keep her alive in our hearts. What a beautiful person! May her room in God's mansion be adorned with bright colors, renewed loving relationships, and a view from which to watch over her family and friends. Love and Laughter forever Kim!

“ We met this beautiful woman traveling with the stamp show circuit. We were complete newbies and the amazing Stamp On It traveling crew (Kim, Shawn and Sam) showed us what we needed to do and made us feel like family. She was an amazing soul that had love for everyone. We treasure the memories and our hearts go out to her family. Heaven has a little more sparkle because she is there. Sending you all prayers and love from the Double Trouble Scrapbooking crew.

“ I first met Kim at Stamp On It on 29th st. She exuded friendliness, warmth, and a love for creativity. Kim was very creative and unique. I don't believe she ever met a stranger. The greatest gift Kim gave me was the knowledge of her faith in Jesus. Kim knew where she was going and was not shy about sharing the Good News with anyone and everyone. Another topic she was bold about was politics! I will miss my kindred spirit. Today, Kim is present with the Lord. She is basking in the light of His glory. Well done, Kim. Love you.

“ Home free Kim!!! You will be so loved and missed, but we know you are now out of pain and filled with more joy than you have ever been ❤️.

I knew you at DeVeaux and all through high school. You were always so friendly and full of fun. After moving to TX I “refound” you on FB and have enjoyed keeping up and delighting in our friendship again.

Looking forward to a reunion in heaven dear friend.

“ I too met Kim my freshman year in high school. I remember sitting in the gym, and saying that I saw the clock hand move. Kim thought it was soooooo funny and laughed. This is something that the two of us have shared together for years. I will miss you my friend, whenever the time changes I will think of you ❤️

“ I met Kim my freshman year of high school- and my life was forever changed ! She was an amazing person that had a contagious smile and laugh ! Kim was initially know as one of the “Deveaux girls” and later known for being part of “Bob and the good time girls “ ! Kim’s name was synonymous with FUN ! She was always ahead of her time with fashion and trends before they were “a thing” ! Kim was a member of the Start High School class of 1974 -Toledo Ohio . She regularly traveled to Toledo for our annual reunions- most recently on September 9, 2022! Kim I know you are party planning and reuniting with your mom and dad - family and friends in heaven !! We home schooled our young kids together years ago and became great friends who shared recipes and crafts and laughed and cried together as we loved our families and our God. We lost touch and found each other years later and our friendship never changed.

She was a very great support when I found I had cancer and we shared that battle together.

Kim was beautiful inside and out and full of love and compassion. She brought wisdom, joy and laughter to all and it feels like some of the sunshine has gone from life without her.

So very glad she is shining in heaven and dancing with joy and that we'll meet again there. Love you, Kim and we will miss you all our days.
