“ *Dad, I miss you so much. It gives me peace knowing you are with the Lord and that you are watching over me and the family. My love for you will never be broken. God has given us this gift for eternity. Mom will be in good care with us kids. My favorite memory is that you were always there for me whenever I needed you. You are my role model and mentor, a man of high integrity who taught me faith, values and love. You are with me every day in my heart.*

“ I remember after my parents separated and we were going through a particularly hard time. LaVerne and Audrey were in Wisconsin on vacation. They made the effort to come and visit my mother and us kids to see how we were doing. It was an extremely depressing time for us and just knowing someone cared made a huge difference. I was only 11 at the time, but I remember how much it meant to this day. LaVerne was always such a kind and caring person. He was an honorable man. He loved his family and his country. We loved his sense of humor, and he was a great story teller. We are sure going to miss him.

“ I remember coming home from school and dad would have the truck all loaded with feeder pigs waiting to take them to the market. I remember him waiting for me to get home from school and I'd drop my books and everything and we'd ride the truck to market together. It was so cool as a kid seeing the pigs go from the truck to the market. We would do that too with the field corn; right after school we would take the truck load to the mill. It was always really neat to see how the corn would go into the big bins from the shoot. Dad gave me a lot of wonderful experiences working on the farm. It was hard work but so rewarding. Love you Dad!

“ One of the best memories I had was riding horses in the woods, all those trails back in Mr. Gordon's and also the land at Jones. Dad always took time to spend helping me train my horses.
