“ *"As city kids we loved spending time in the country with our Uncles and Aunts and cousins. The dairy farm was special but we did not like raw milk to drink, Aunt Lavina would be so nice and understood that we liked store milk so she always had some for us! So we thought! Until we found out she would just use store containers and pour raw milk in them. We thought the milk was delicious!"*

“ *"Remembering the times when Lavina & Art played cards with my mom & dad, Vern & Alyce Brower. Terry, myself & my brother would be busy with other activities. Still remember Lavina driving the school bus and checking the review mirror to make sure no one was being naughty. Terry got caught sometimes. Good times, better memories. Our sympathies go out to all the family in this time of sorrow. We rejoice in the fact that Lavina is now with Art in the Kingdom of Heaven. Bob & Sharon Brower"*
