Tom + Connie, This is a beautiful tribute to your mom. ☐ The love she had for all is so obvious as she holds or is held by others, in every picture.

“ I knew Linda while working at Lifesavers, in the Production Office. She worked, I believe, in Spa Department, at that time. She would come into the office and chitchat with me. I believe she worked in ESD for a bit with my sister, Nancy. Linda had a kind personality and made me smile or we broke out in laughter about something that happened in the department. I thank God for letting her cross my path in my lifetime. Rest in peace now. You will be missed by your family and friends.
