“ *"Our deepest sympathies tor you all. We weren't able to attend today service, but were blessed to see the funeral service on you tube. What a beautiful, loving tribute you all gave to your dad and grandfather. You were so correct, when you spoke of his generosity and his willingness to help whoever and whenever help was needed. We were privileged to be his neighbors at Shady Shores and he will be miss by all his Fir Lane friends. Tom & Ruth Beier"*

“I will never remember the snowy Saturday 1994. I worked in Holland. White outs driving to work, road closures on the way home. Fire department had roads shut and I was trying to get home to 137th. I ran into a snow bank. On the North South road just past the farm. I was stuck. No cell phone I walked to your parents. I was welcomed with open arms by your Mom and Dad. Hot chocolate was given as they talked and found out who I was. Your brother got the tractor out. Your Dad road the exposed to the elements tractor to my vehicle. He pushed a path all the way to 137th for me. Followed me home. I never forgot that. Their kindness and how they made me feel is what I remember most. Heaven gain a wonderful man.”
