“ I first met Mike when he worked for TLC, he was one of my load brokers for the trucking company I worked for I have talked with him for many years and we spoke weekly on the phone for the last 2 to 3 years. Mike was always joking and we spent many hours talking about food and recipes and hobbies. We both enjoyed. I will miss him greatly and how he always answered the phone hey you! Mike was a wonderful man who loved his family dearly and spoke of them often.

“ I was blessed to provide palliative care for Mike in the past several months and enjoyed getting to know him and talking about caring for our parents. He has certainly had many health struggles and I'm grateful he is at peace.
