“ *"To family of Patty, Patty will be missed greatly! She was an inspiration to students, staff and administration while I worked with her at WOHS. I was blessed to work with Patty, as her administrative service for seven years. I always admired Patty's listening ear and the wisdom she gave to all. She loved her family! Parents, Brothers and Sons. Both being mother of sons, we often talked about the hopes and dreams we had for them, especially as they entered college and their professional careers. She loved her sweet precious grandchildren, spending time with them making memories! Patty, my dear friend, my hope is that u are sailing among the clouds, with the wind blowing and a smile on ur face!"*

“Dear family of Patty; Your mom (Sister, Grandmother, friend) was a dear, dear individual. When I was new to the instructional team in the Culinary program at Careerline Tech Center she welcomed me, made me feel comfortable and inspired me. She told me there would be an "easing in process" and that in time I would be contributing more than I ever imagined. She did my first evaluation, that year, and instead of being nervous I was on top of the world having her by my side. We spent much time talking about all things "water" especially sailing and the Caribbean. I know she's off on her greatest adventure and it's probably in crystal clear waters. I am better for having known Patty. My love and prayers to you all."
