“ *"Bob was larger than life and I believe that is true beyond what little I really know of him. He kept his cards close to his chest but didn't hesitate to let you know what he thought about anything. ;) I will miss his numerous informative emails with links sending me to places where I would have never thought of going or had the time to even consider. Godspeed my good friend. I hope we see each other again.*

Suzanne & Family, my thoughts and prayers are with you during this time of loss."
