“ *"I am a Muncie native and first met Bob when I was a student at BSU. I had seen the straight, professional businessman several times when I had shopped at the Charles St. Penney's and he was always friendly. But one day I approached him about interviewing him for my Marketing paper on "Need for Parking in Downtown Muncie"--and this was 50 years ago. He was great to talk too and generous with his time and I got a good grade too! Twenty years later we came in contact again at Hazelwood and he was great to work with there also. It was a loss when he and Phoebe moved away. I want to extend my sympathy and let you know I share your loss.*
