“ *I met Roger at local running events. Sometimes we were in the same age group, and sometimes not. Roger was a few years older than me. I always enjoyed seeing him and talking with him. I think the last time I saw Roger was at the Muskegon Turkey Trail run, which was a number of years ago. However, Tom and Nancy Hardy knew Roger through church, so I would periodically hear stories. My sincere condolences to his wife and family. He was always a gentleman and will be missed. Tim Morrow*

“ I will always remember the times that Roger and I would sit and watch the Hope men’s basketball practices. Those were good times. Hope college has lost a very loyal fan and true friend. Lifting your family in prayer.

“ *Bill Suggs*
I first met Rog Mulder in 1975 when he interviewed me for my first job out of grad school.
I would be the supervisor of analytical development at Parke-Davis, Holland and we both worked in the Quality Control department, reporting to Dick Zingle. Rog was supervisor of the analytical lab and we interacted on a daily basis. Even after my position transferred to Chemical R&D, we remained colleagues and friends. He was also a regular attendee at the monthly P-D retirement luncheons at the Beechwood Inn after the plant closing. Rog was a great guy and I especially remember his terrific sense of humor.

“ Roger and I met for the first time 34 years ago when he interviewed me for a position in his laboratory. We would work side by side for 12 years until he retired from his lab management role. During those years, he was true friend and advocate. We supported each other through the good times and the difficult times. What a friend. I will miss him.

“ During my childhood years, the Mulders were my neighbors and “Mr. Mulder” was always smiling and kind. In my adult life, he became a great and knowledgeable colleague at work and it was hard for me to make the name transition to “Roger!” We also shared hellos at Hope College basketball games! He will always be remembered as a great guy!
