“ I just learned today of Rogers passing, I am shocked and saddened to hear that he is gone. I knew Roger for many years through working at Herman Miller. He was the only one I would call for furnace or air conditioning service and I always looked forward to seeing him, and talking to him whenever I would see him. One of the nicest and most honest men I've ever had the pleasure to know. He would always leave you with a smile on your face. R.I.P. Roger and thanks for the opportunity to call you a friend. My thoughts are with all who loved and miss Roger.”

“ While I never met Roger personally we did have phone conversations about a project he did for a business I own. He was a straight shooter; I believed was very honest and trustworthy. He lived up to his billing. I believe the world could use more Roger Solomon's, and be better off for it.Ed B.”

“Roger and I work in facility maintenance at Herman Miller for 19years. His passing came as a shock and I'm sorry to hear that he left us. Roger used to tease me because I'm Puerto Rican and he would tell me he spent more time in Puerto Rico than I did which is quite true and my heart goes out to his family and all I can say it's Roger is in a better place today.”
