“ My condolences to Kerry and the Jacobs family. Russ was one of the most talented craftsman I have ever worked with. Our friendship in Middle School and High School days of talking cars...and not school...lead to many years of working together in our Auto Restoration buisness. Russ was always the quiet guy in the room...never looked for attention...but was the one with the real talent and passion for all things automotive. I will always speak of him with respect...and will miss him. But thankful for the years we spent together as friends.
