

Sarah Elizabeth Fuhs

November 8, 1972 - March 13, 2024

Sarah Fuhs, age 51, passed away on Wednesday, March 13, 2024.

Sarah Fuhs wants to be remembered first and foremost as a mother. Nothing brought more joy to her life than raising her children. Sarah not only raised two remarkable children she also developed and cultivated talent in the many people she touched, from family to friends and colleagues to acquaintances. Sarah lived her life fully with passion, tenacity, kindness, compassion, and presence. She worked harder than most, maybe because the universe knew there was a larger plan for her, packing her days from the first light of dawn until the late hours of night. Sarah was steadfast in supporting others with her time, listening, and providing feedback and a nudge. Much like Sarah lived her life, she prepared for her death with the grace and compassion only she possesses. Sarah's legacy is the people she developed and the seeds she planted both real and metaphorical.

She is survived by her daughter, Ally Fuhs; son, Benjamin Fuhs; parents, Linda and Rich Green; brother, Keir and Adrianna Green; brother, Bjorn and Lori Green; sister, Kate Reedy; and her nieces, nephews, aunts, uncles, and cousins.

Memorial services will be at 1:00 pm on Sunday, April 21, 2024, at Port 393, 393 Cleveland Ave, Holland, MI 49423. Everyone attending is encouraged to

dress in bright colors to celebrate and honor the life of Sarah.

Memorial contributions in Sarah's honor may be given to the Holland Zeeland Community Foundation or the Community Action House.

Oh Sarah, watching this brings joy and longing to be able to see you again. Ever since we met thru the chamber years ago, you have been a blessing in my life. Your beautiful and willing spirit to help anyone around you along with your smart sense of action in working towards the betterment of all was instrumental in many efforts we worked on together & with any team I know of that you participated in. More than that though is your willingness and true caring as you created and fostered true friendships, friendships that never had an end date. I will miss our conversations, and I regret not having more time together throughout the past few years. When we did see each other, it was always like the time in between our visits never happened. You were a true friend - one that time never changed and we'd pick right back up starting with a big hug! I will never forget you & your beautiful heart. I am a better person for having you as my friend. Thank you for being... YOU. You are missed by so many of us. Love always, Annie

“ To Sarah’s family,
You have my heartfelt condolences: I worked with Sarah for several years in human resources in the early 2000’s. She was smart, capable and desired to bring out the best in people. Sarah had a generous spirit and enjoyed working on company and community projects. She was well liked, a team player and just fun to be around. Most importantly, she was very proud of her children. I have wonderful memories of working with Sarah and was heartbroken to learn of her passing.

“ Oh Sarah. This was not your time to go. You were so full of life and had so much life left to live. I am so thankful our paths crossed and that I got to know you for the kind, generous, fun-loving person you were. Our conversations were always filled with laughter or interesting tidbits you'd share with me about this or that (you were all-knowing Sarah, always learning and sharing with others). I am heartbroken that you are not with us anymore. The world is dimmer without you, but heaven is brighter. My thoughts are with Ally, Ben, and the rest of your family as they move forward without you. Rest in peace dear friend, and know that I will always be reminded of you when I see beautiful flowers, especially tulips (which were one of your favorite things).

“ *Sweet Sarah, It was such a joy to know her for the brief time I did and serve her Cafe Mocha's at Kin Coffee. We shared many conversations about the books we were reading and our mutual love of gardening and flowers. I always appreciated her Saturday routine of enjoying a cup of coffee with a book and then going to the farmers market. She is a beautiful soul that will be missed here on Earth.*

“ Before joining Westwind Construction, I found myself in a profoundly transformative and vulnerable phase of life, and somehow Sarah stumbled upon my information (though the method remains a mystery to this day). Following this seemingly providential encounter that led me to Westwind, Sarah continued to pour love, kindness, and guidance into my professional journey. As the only two individuals in the office residing in Holland, she was my go-to for local events that my wife and I could check out with the kids, a mutual lifeline during car troubles, and we often checked in on Monday mornings to confirm sightings of each other running along Ottawa Beach Road over the weekend. I recall going to bed the night before catching a ride or picking her up down the street, determined not to delay her usual 5:30 AM arrival at the office too much! Whether our conversations revolved around running, parenting, or personal triumphs and tribulations, it was evident that Sarah took immense pride in Ally and Ben, eagerly sharing their milestones, no matter how small. Sarah will forever hold a special place in my heart, and her absence will be deeply felt.

“ I knew Sarah from her coming to a Pursuit of Wholeness retreat. She had the most beautiful spirit and was full of joy. She lived intentionally. Praying for Gods comfort and peace for her children.
