“ *Sending prayers of support and sympathy to Sonny’s family and friends. I knew Sonny through my work at his physican’s office. We got to know each other well and shared many interesting and funny conversations-he frequently answered my calls with a joke of some sort!*

He would tell me about having lunch at Russ’s and that he would often pay for a complete stranger’s lunch, especially parents with little ones, because he knew how hard it was to support a family. More people should be like him.

Sonny faced so many challenges, his health being a significant one, and did it with courage- I believe he created a peaceful heart for himself by showing kindness and caring for others.

He was well known in our community and loved his family and friends - he will be missed by so many! Giving thanks that I had the privilege to know him.

“ *Sonny used to come by every Monday for many years! My grandpa Jack & Sonny loved watching the races and grabbing a meal together. These two would stay up late laughing their asses off to God only knows! After my gpa passing, Sonny still continued their tradition here. I know losing my gpa was something Sonny could never accept. Right now I know they are reunited and knowing that makes my heart feel full. Two happy souls. 💙💙*
