“ *Steve will be missed for the person he was and for what he did in life to help others. But for me he will be missed because he was my brother. A bond that cannot be broken. All the times we spent together sharing personal things between brothers will be sorely missed. Steve stopped over to tell me he had been diagnosed with the start of Dementia. A total shock to me. We embraced and both shed a tear and I told him I loved him and would pray for him. Now he is not dealing with that awful disease anymore but enjoying eternal life with our Lord and Savior Jesus Christ and for that we are happy for him. Mike and Linda Kraai*

“ Steve knew Todd before I did - that's how long their friendship has been. He recruited Todd to join the Blendon/Olive Fire Dept nearly 40 years ago - that's how they met. I learned early on that he had an amazing singing voice and we asked him to sing at our wedding in 1990. In the years that followed, memories of them playing ping pong in our basement, so many years of Todd going to "therapy" night at the Shanty, being there for us with encouragement (and food from Elaine) as our family grew, and so much more. Steve stopping in at Todd's shop every Monday was therapeutic for Todd. I think Steve knew that Todd needed to just sit and talk once in a while. Only they will know everything that was discussed and that's the way it should be. I'm so grateful to Steve for taking the time each week to check in on Todd. But then the tables turned and Todd was the one checking in on Steve. Things had changed and it wasn't easy to watch his health decline. But their friendship was strong and went both ways. Todd lost a dear, faithful friend in Steve. We are so thankful however that this is not the end. Until we meet again...

Thank you for the great memories and very kind words Lisa! They were great friends and I appreciate all the times Todd came to visit Steve at Quincy Place. Steve appreciated those visits so much and would tell me all about their time together for a few days. You will both have a special place in the hearts of our family.

“ *My life has been made richer in having known Steve Kraai. He has been a great friend, mentor, colleague and initiator of much laughter over the decades I have known him. He is the guy that walked his talk and you knew his faith and heart were larger than him. I will miss meeting up for coffee and catching up, reminiscing and listening to him talk with great pride about Elaine, Amber, Aaron and every one of his grandkids. It has been a blessing and an honor my friend. The light seems a little dimmer but I know we will meet up again one day!*

“ Steve was full of love and it impacted anyone he came in contact with. He loved the Lord, his family, and his country with everything he had. He taught me so much just by working with him and seeing his passion for those around him.

I had the pleasure of spending some time with him in the Upper Peninsula hunting and we had so much fun just relaxing in the woods. I will forever be grateful for that opportunity. That trip will always be a favorite of mine.

“ *This man that I call my dad father.... I learned so much from. The love of outdoor how to skin a deer and the difference in guns and how amazing he was with one to the point he was even perfect 100 out of 100. love of Bob Seger and music, family, God and a relationship with the Lord and the example he showed me. Faith based living... found out first hand from him that I was his gear head, the love for his own family. And the struggles in life and a way to handle them. How to get away from the business of life and to head north to the woods how to care for the elderly. Respect for the county and all service man and women. He talks about his GTO car because I had a Chevle. He always made me feel need with thing he knew I could do for him just wish I was better at that for him....i could go on and on about him if you knew him you would understand if you didn't it was your loss.... I will always have are last good bye dad and a memory that will last forever. But it's not good bye it's see you real soon. I Love you dad!!!!*

“ So many memories. My favorite would be all the times we’ve gone shooting clays. Hunting or when you taught me how to shoot a bow. We were at SK gun range and it had been so long since I touched a gun. Gramps was so confused why I couldn’t hit anything until he realized I had the wrong eye shut. Haha.
Miss you gramps.
