“ *"A plaque given to the family when my wife Alice died said Those we love don't go away, they walk beside us every day. Unseen, unheard, but always near, so loved, so missed, so very dear. I wanted to share this in hopes it will be as comforting to you as it has been for me. My deepest sympathies."*

“ *"Joyce, I was so very sorry to learn of Steve's death from a Hope colleague. How we all loved him! He was such a generous, warm, kind, self-giving person who was eager to help us in any way. He was a true team member in our educational mission, and we missed him after his retirement. I'm unsurprised that in his "retirement" he continued to be a self-giving person in varied ways--a model of authentic faith in action. I also know from conversations with Steve how much you both loved your daughter Kristin, and how he enjoyed trips to NJ to visit her and her family, of which he was proud. May wonderful memories of his kind and generous and joyful spirit in time begin to fill the great hole left by his absence."*
