“ *"Dear Judy, What a journey you and your family have been on and now you minus one "rider" and a very important one. Judy, we would never doubt the loving and capable care you provided mixed in with a bit of humor.*

May Jesus calm you heart and mind with good memories and thoughts about your future.

We regret we could not attend the Nov. 29 visitation. I had emergency heart surgery on Nov. 27 and returned home on Dec. 1 with more energy than prior to surgery. Look up Left Atrial Myxoma surgery on internet.

Hugs. Tom and marilyn"

“ *"I extend my personal condolences to Steve's family. As a hospice volunteer it was my honor and privilege to get to know Steve and his wife Judy during my visits to the home. I always found Steve to be gracious, involved and caring. We would have some good chats and visits. Steve impressed me as a gentle man who loved his wife and his family. My best wishes are to the members of his family at this difficult time."*

“Dearest Judy and family members,
Our hearts were saddened when we heard of the passing of your loved one, but we find comfort in knowing that Steve is alive for he was a child of God and he is resting peacefully in the arms of his Dear Savior and the cancer is dead!! You both were champs for enduring the long bout of Steve's illness and we will continue to keep you all in our daily prayers. We have so many fond memories of being neighbors on Big Star Lake for many years and shared many cruises together. Love and prayers,”
