“ *How can we express the sorrow and emptiness we feel with your passing with mere words? You mean more to us than you ever realized and were extremely well loved, altho, we sadly, never verbalized it. You are and will be forever in our hearts. Love you little brother. Steve and Sandy Steggerda*

“ *Tom was a good friend while I lived in the Highland Pines Park for years! He was always a big help when I needed it, and I helped him several times driving him to a boat that he had to bring down from a different marina. I am so sorry to hear of his passing and for your loss.*

“ We are so very sorry to hear about Capt. Tom. He was a good friend, and helped fix things around our house over the past 20 years here in South Florida. When my son was a child he used to follow Tom around the house with his plastic tools and try to imitate Tom. He would always call and check on us When he would get back into town in the fall. Sending prayers and healing thoughts to the family. Tom will be greatly missed from his marine industry friends in South Florida

“ Tommy, you were a man of few words, until we shared so much time together, on a daily basis. I was then, discovered what a kind hearted, patient, protective friend in you. Lots of laughter, bantering & secret gossip! Thank you for all the great memories. RIP Wendy
