“*So sorry to hear this. Tom worked with my dad at General Electric and was a good friend as well. I remember when I was about 13 my dad and I were visiting and I wanted a ride on Tom's motorcycle and he said "Let's go! You drive!" I had only ridden a minibike a few times so I was a little afraid of driving a full size motorcycle, it was a 250cc I think. Tom said "You'll be fine" and so we jumped on with me in front and took off and it was a blast! He was always super nice and never treated me like a child. Very sorry for your loss. My dad will be sorry to hear this too.*”

“My wife and I bought a cabin and property across Hamlin lake from Tom and Marty. After Marty passed we noticed Tom put a lot of time and work into his place with many improvements. He lent me a battery charger last winter until I bought a new battery for my car. I was just getting to know him, because he and I were helping during the tornado clean-up. He invited me over for BBQ chicken 1 week before he passed, and I had just mentioned to my wife we should have him over sometime. He was the man in our corner of the woods to go to for help, or suggestions on DIY projects. I know it is a great loss to bear for his family, but it also is a great loss for our neighborhood up north. God Bless you, Tom - R.I.P.”
