“ *"Robert , Cheryl and Ashley met Trebor when he installed a surveillance system in my home about 18 months ago. I had 2 meetings with him. I was so impressed by his faith, unbelievable positive attitude and his strength. His smile was infectious. When I learned of his passing today I got a sick feeling in my stomach. My heart bled for him and for you today. I could not agree more with the beautiful obituary describing him that I just read. He was a treasure and I know that you will never get over this, but you will get through it. God bless you. -Steven Levy"*

“*Robert & Cheryl Schaub Sorry for your loss of Trebor. A lot of time was spent praying for Trebor and God was gracious and gave him the joy of his presence making trails in the hills in the back and exploring on his quads up and down the trails. We ask for Gods comfort for you and the Rozeboom's God gives us this gift of love for too short a time. God also gives us the assurance of an eternal reuniting for eternal joy with Trevor. Our prayers are for comfort for you and your family. Grace, peace, joy and love, Mart and Carol De Vries*”

“Trebor was one of my favorite people when I was in recording school at GRCC. I probably have the best memories of us being friends in the recording program than anyone else. While I was going through my surgeries with my arm, Trebor was always there to help me write or carry things. Little did I know all that he was going through. He was always the most kind to me when I was the only girl in a room of guys and a norm for recording seemed to be it only a mans thing to do. Trebor helped me out whenever I needed help through my first two years of college in Grand Rapids and I learned about his cancer throughout this and being his friend. Being my age, I can't imagine going through anything that he has. My heart breaks that I lost a dear, dear friend today and that I will never forget the many lunches together, recording sessions, doing tons of homework and hanging around downtown. My heart is breaking for you and your family but you are finally out of pain and done. You will be so missed Trebor.”

“*"I first met a young Trebor when he was probably 5 or 6 years old. He would wander into the CAD Room at Jamesway Tool and Die on the days that his Mom was working in the front office. I have two Sons close in age to Trebor so we hit it off right away! Sometimes, he'd stop to visit during lunch and I'd share cookies with him! Other days he would borrow my colored markers and draw pictures off to one side of my desk. He was a very smart little boy who grew up into a wonderful Godly man! He always had a smile and a kind word no matter how he was feeling. Trebor was the epitome of strength and courage in every way. His life was way too short but he lived it well. He touched many lives along the way including mine and I am a way better man for having known him. I believe that Trebor lived his entire life to be right where he is at this moment. In the presence of his Heavenly Father. I am thankful that his struggle is over but I will miss him very much."*
