“ *"I am so sorry for the struggles Vicki went through these last few months. She was such a sweet and caring person, and I have many fond memories of her back when we lived in the same neighborhood. My sincerest sympathies to her family and all of her dearest friends. She certainly was special!"*

“ *"Oh I am so so sorry. I never got the chance to meet Vicki in person but got to know her via phone for many many years while she worked for Voss Michaels & I worked for Muller Muller. We have tried to get together but life just didn't work out for us to do so. She was my rock when I lost my job after 30 years & was always a friend in my heart. I wish I could have been there today to tell her family how much our friendship meant to me even though we never met. We spent many many hours on the phone over the years. My heart & prayers with you all."*

“Dear Kim and family. Please know that I am thinking of you during this difficult time. Vicki was one of those friends that was always there when it mattered the most. Her friendship was truly a cherished gift. Through the years we often laughed until our faces hurt, and cried together when we lost those we loved. During our shared heartfelt discussions, she would talk about the day when her life on earth would end and a new and better place would be waiting for her. We can take comfort in knowing that Heaven welcomed her with open arms, and that she suffers no more. I love you Vick and will miss you forever.”
