“I am so sad to say goodbye to you Aunt Wanda. You were a care taker to so many people in your life and from a very young age. I remember you as a teenager taking care of Danny and Kelly and even me sometimes. I remember you raising 5 kids, sometimes on your own. I remember how you could talk to anyone and always had something nice to say about everyone. I remember how hard you worked to take care of everyone, including Popo. And I remember how much you loved your family. I love you and will miss you forever.”
